

7 POINT CheckUp

- How many signs do I have?
- Are they working efficiently?
- Do they need to be cleaned?
- Are they secure/safe?
- Are there issues to be fixed?
- How long will they last?
- Who do I call?

SERVICES

Your sign is your image!

1

INVENTORY

Inventory ensures streamlined maintenance and service calls saving time and money.

2

INSPECT

Multi-point inspection keeps you informed and provides piece of mind that your sign asset is safe and functional.

3

CLEAN

Cleaning is an essential step to extending the life of your sign asset.

4

REPAIR

Minor repairs are carried out at no additional charge while performing clean and inspection steps.

5

ANALYZE/ RECOMMEND

This step offers cure solutions for diagnosed problems often a neglected path in other maintenance programs.

6

Plate #	Description	Failure Code
	"T" Bulb Change	
	"T" Bulb Failure Cleaning	

REPORT

Maintaining an inspection and service history of your sign assets provide you with a reference for future evaluations, improvements and planning.

7

REMIND

We call you to let you know when it's time for a maintenance check up. The reminder gives you piece of mind that you have a partner to count on. Helping you maximize the return on your valuable sign asset.
